

To,

The Central Public Information Officer,
ESIC Headquarters Office,
New Delhi 110002.

Subject: **Application for seeking information under the Right to Information Act, 2005.**

Sir,

During my brief spell of dealing with files of procurement of non-medical store items in ESIC Hospital Basaidarapur, I came across with instances where it was detected that the work contract under GeM bidding process were issued on the basis of fake OEM authorization certificates under the Customized Bidding in violation of GeM guidelines.

Not only entertaining fake OEM Authorization Certificates but even receiving supply of fake cartridges of computer printers were also detected the detail of which was promptly intimated to DG, ESIC and CVO, ESIC. No action was taken on these kinds of serious issues by Headquarters.

During some in house meeting w.r.t. already purchased Medical Equipment and machines, I came across with some such facts which make me believe that these kinds of irregularities are also being committed in procurements of Medical Stores also.

Hence, in order to study the functioning of procurement of ESIC Hospital Basaidarapur critically, I want to seek following information w.r.t. ESIC Hospital Basaidarapur:-

1. Please provide detail of all GeM user ids issued to all Secondary Role of Buyer in ESIC Hospital, Basaidarapur, Delhi with name of officers of both Medical and Non-medical Officers during financial year 2021-22 and 2022-23.
2. Please provide copy of all GeM bid document of all Secondary Roles of Buyer for all transactions above the value of Rs. 5 lakhs for financial year 2021-22 and 2022-23.
3. Please provide copy of OEM Authorization Certificates of all successful bidders who are awarded work order / work contract in all transactions with respect to all Secondary Roles of Buyers.

Sir, I also want to verify the information provided on desktop of user of these GeM user ids.

Yours faithfully,

Dated : 02-12-2023
